Attention : Executive Director

Dear Mr. Alexie

Re: Permit #G02S004 -Gwichin Development Corp. - Across from Km 251.2

The Land Use permit for this operation has expired as of April of 2003.
I recommend closure of this land use permit file as this operation did not occur.
This site is still in its natural state hence no restoration or cleanup is required.

If you have any questions on this please contact myself at this office.

Yours truly

Robert Walker

Resource Management Officer III
Inuvik District
