Explanatory Remarks -

Frog Creek Quarry:

During the inspection on October 6, 2016 there were no concerns observed by the inspectors. This site looks good and there has not been any quarrying started at this time.

GTC issued a quarry authorization to L.J.s to excavate, load and haul 10,000 m³ pit run at Frog Creek for a contract with DOT. The material will be stockpiled for DOT, near the Fort MacPherson nuisance grounds

Another inspection will be conducted near the end of the month of October.
