Mr. Cournoyea,

Re: GNWT ITI – Extension of Land Use Permit G17X002 – Campground improvements

The Gwich'in Land and Water Board (Board) met on March 25, 2022 and approved GNWT ITI's request to extend Land Use Permit (Permit) G17X002 for Campground Improvements at Nataiinlaii Campground, km 76 Dempster Highway #8, NT. The attached permit now expires on March 28, 2024.

Please note that this permit, and all documents pertaining to this file can be found on [the GLWB Online Public Registry](#).

Full cooperation of GNWT ITI with the terms and conditions of this permit is anticipated and appreciated. Please do not hesitate to contact Regulatory Specialist Alec Sandra Macdonald with any questions or concerns regarding this letter.

Yours sincerely,

Elizabeth Wright
Chair, Gwich'in Land and Water Board

LAND USE PERMIT

Permit Class	Permit No	Amendment No
A	G17X002	-

Subject to the Mackenzie Valley Resource Management Act, the Mackenzie Valley Land Use Regulations and the terms and conditions in this Permit, authority is hereby granted to:

Government of the Northwest Territories – Department of Industry
Tourism and Investment

(Permittee)

to proceed with the land use operation described in application of:

Signature John Cournoyea	Date February 23, 2017
Type of Land use Operation Miscellaneous – Campground Improvements	
Location Nitainlaih Campground, km 71 Dempster Highway #8, NT	

This permit may be assigned, extended, discontinued, suspended or cancelled pursuant to the Mackenzie Valley Land Use Regulations.

Dated at Inuvik this 25 day of March , 2022

Chair – Elizabeth Wright

Witness – Leonard DeBastien

Commencement Date

 March 29, 2017

Expiry Date

 March 28, 2024

Note: It is a condition of this Permit that the Permittee comply with the provisions of the *Mackenzie Valley Resource Management Act* and Regulations and the terms and conditions set out herein. A failure to comply may result in suspension or cancellation of this Permit.

DRAFT Conditions Annexed to and Forming Part of Land Use Permit # G17X002

Part A: Scope of Permit

1. This Permit entitles the Permittee to conduct the following land-use operation:
 - a) Construction of a group camping area at Nitainlaih Campground, Northwest Territories.
2. This Permit is issued subject to the conditions contained herein with respect to the use of land for the activities and area identified in Part A, item 1 of this Permit.
3. Compliance with the terms and conditions of this Permit does not excuse the Permittee from its obligation to comply with the requirements of any applicable Federal, Territorial or Municipal laws.

Part B: Definitions (defined terms are capitalized throughout the Permit)

Act - the *Mackenzie Valley Resource Management Act*.

Board – the Gwich'in Land and Water Board established under Part 3 of the Act.

Engagement Plan - a document, developed in accordance with the Board's *Engagement and Consultation Policy* and the *Engagement Guidelines for Applicants and Holders of Water Licences and Land Use Permits*, that clearly describes how, when, and which engagement activities will occur with an affected party during the life of the project.

Habitat - the area or type of site where a species or an individual of a species of wildlife naturally occurs or on which it depends, directly or indirectly, to carry out its life processes.

Inspector - an Inspector designated by the Minister under the *Act*.

Minister - the Minister of Indian Affairs and Northern Development Canada or the Minister of the Government of the Northwest Territories – Department of Lands, as the case may be.

Ordinary High Water Mark - the usual or average level to which a body of water rises at its highest point and remains for sufficient time so as to change the characteristics of the land. In flowing waters (rivers, streams) this refers to the "active channel/bank-full level" which is often the 1:2 year flood flow return level. In inland lakes, wetlands, or marine environments, it refers to those parts of the Watercourse bed and banks that are frequently flooded by water so as to leave a mark on the land and where the natural vegetation changes from predominately aquatic vegetation to terrestrial vegetation (excepting water tolerant species). For reservoirs, this refers to normal high operating levels (full supply level).

Permittee - the holder of this permit.

Spill Contingency Plan - a document, developed in accordance with Aboriginal Affairs and Northern Development Canada's *Guidelines for Spill Contingency Planning* (April 2007, that describes the set of procedures to be implemented to minimize the effects of a spill.

Waste - any garbage, debris, chemical, or Toxic Material to be used, stored, disposed of, or handled on land, and also as defined in section 51 of the Act.

Watercourse - a natural body of flowing or standing water or an area occupied by water during part of the year, and includes streams, springs, swamps and gulches but does not include groundwater.
