Explanatory Remarks -

KM 251:

During the inspection on March 15, 2022 at the wind tower access trail there were no concerns observed by the inspector.

The snow removal and mulching was completed along the access and around the project site, there was one operator working a cat at the entrance of the access trail at the time of the inspection.

There is no material being hauled to the site at this time.

Please be advised we have not received any weekly progress reports that was indicated in the IHPW Regulatory kick off meeting December 4, 2021. Please ensure that these reports are provided to lands on a weekly bases.
