Re: Use of Sewage and Solid Waste Dumping Facilities for Inuvik Wind Project

Mr. Balachandran:

Please be advised that the Town of Inuvik acknowledges that NT Energy may use the above-mentioned facilities in conjunction with the Inuvik Wind Project. As part of this approval NT Energy or any contractor working on their behalf has acknowledged that there will be a fee for use of these facilities. In addition, they shall inform the Town of Inuvik Director of Public Services when they are to make use of the sewage dumping facility and report the volume of sewage brought in from this project.

We are required as part of our water license to account for these types of additional wastes entering our sewage lagoon and solid waste site, respectively.

If you have any questions or concerns, please do not hesitate to contact me. Thank-you in advance for your cooperation.

Regards

Town of Inuvik
