Peel River Ferry Landings Annual Report – G22L8-002

The Annual Water Licence Report referred to in Part B, Condition 19 of this Licence shall include, but not be limited to, the following information about activities conducted during the previous calendar year:

- a) Tabular summaries for each of the ferry landings, specifying the volumes of granular material placed/recovered, the date of placement/ recovery, the difference between the volumes placed and the volumes recovered, and the source of the granular material

Please see table below

2022 Peel River - Granular Materials Placed and Removed All Materials from Frog Creek (m3)							
East Landing McPherson side				West Landing Yukon side			
DATE	Placement IN	DATE	Withdrawal OUT	DATE	Placement IN	DATE	Withdrawal OUT
19-Jun	200	30-Oct	100	18-Jul	200	30-Oct	30
2023-07-15	30			15-Oct	180		
15-Oct	90						
Total	310		100	Total	380		30
		Balance	210			Balance	350

- b) A summary of activities conducted in accordance with the approved Spill Contingency Plan, referred to in Part H, Condition 2 of this Licence, including:

- i. A list and description for all Unauthorized Discharges, including the date, NWT spill number, volume, location, summary of the circumstances and follow-up actions taken, and status (i.e. open or closed), in accordance with the reporting requirements in Part H, Condition 4 of this Licence; and

No unauthorized discharges occurred in the 2022 season

- ii. An outline of any spill training carried out.

On board spill response training was carried out in 2022. Marine assistant manager and marine maintenance tech received the TC approved domestic vessel safety course (DVS) in 2022.

- c) A summary of any updates or revisions to the Spill Contingency Plan, Engagement Plan, and/or Waste Management Plan, conducted under the Annual Review referred to in Part B Condition 9;

Updates to the Spill Contingency Plan, Waste Management Plan and Engagement plan were completed as per the required updates under the issuance of the licence. No other updates were required.

- d) A summary of engagement activities conducted in accordance with the approved Engagement Plan, referred to in Part B, Condition 18 of this Licence;

Engagement activities in 2022 we included in the 2022 water licence application. No further engagement was carried out.

e) A summary of how any Traditional Knowledge, referred to in Part B Condition 4, was incorporated into decision making;

No traditional knowledge was incorporated into decision making.

f) A list of any non-compliance(s) with the conditions of this Licence or any directive from the Board pursuant to the conditions of this Licence;

No non-compliances were reported in 2022

g) A summary of actions taken to address concerns, noncompliance, or deficiencies in any reports filed by an Inspector;

No concern, noncompliance or deficiencies were reported by an inspector in 2022. A Transport Canada division 3 vessel inspection was completed and any deficiencies have been corrected and approved.

h) A summary of any studies requested by the Board , and/or a brief description of any future studies planned; and

No current or futures studies are anticipated.

i) Any other details requested by the Board by December 31 of the year being reported.

No additional details were requested.
