**RE: Extension Request for Class A Land Use Permit #MV2004C0001:
Lac de Gras West Project, Mackenzie Valley Region, NWT**

As a followup to our telephone conversation of 12 January 2009, I would like to request a two-year extension for the above-noted land-use permit. Thus, the new date of expiry for #MV2004C0001 would become: 25 February 2011.

This extension would allow Peregrine Diamonds Ltd. (Peregrine) sufficient time to complete land-use operations on the property, which may include drilling in 2010.

Thank you for the opportunity to make this request. Should you require further information, please feel free to contact me anytime at the address, e-mail or phone numbers provided below.

Subject: Extension Request-Permit MV2004C0001

Greetings, Tyree,

As discussed, please find attached our extension request for Peregrine's Class A Land-Use Permit #MV2004C0001 (Lac de Gras West Project).

Also as discussed, thank you for agreeing to grant us an extension to file the required final land-use plan report for Peregrine's Class A Land-Use Permit #MV2004C0002 (IM Project). The purpose of the filing extension is to allow us time to inspect the former IM campsite location in snow-free conditions.

Thanks very much.

Best regards,
