Lindsey,

The final plan for the above noted land use permit has been reviewed by the undersigned Inspector, and appears to be correct as submitted.

Items used in connection with this operation remain in this land use area and are currently authorized under a storage authorization which is valid until February 25, 2012.

Therefore, until a replacement permit is in place or final restoration as per s.15 and s.16 of the *Mackenzie Valley Land Use Regulations* is conducted, final clearance cannot be recommended at this time.

If you have any questions or concerns, please do not hesitate to contact Nahum Lee at 669.2757 or myself at the numbers below.

Regards,

Clint
