Dear William Liu:

**Re: Aquatic Effects Monitoring Program Design Plan (Version 6.2) - Confirmation of Changes  
Gahcho Kué Project – Kennady Lake, NT**

The Mackenzie Valley Land and Water Board (MVLWB or the Board) met on August 19, 2021 to review your Aquatic Effects Monitoring Program (AEMP) Design Plan, Version 6.1, which was submitted under Part I, Condition 3 of Water Licence MV2005L2-0015. The Board's letter, dated August 24, 2021, approved your AEMP Design Plan conditional upon receipt of additional information and written confirmation of conformity from Board staff.

Version 6.2 of the AEMP Design Plan was received by the Board on September 20, 2021, after which Board staff reviewed for conformity. This letter hereby confirms that the changes requested in the August 24, 2021 letter have been addressed, and the AEMP Design Plan, Version 6.2, is therefore considered approved. Board staff would also like to note that this confirmation of conformity is limited to the updates as requested.
