Dear William Liu:

**Operational Water Management Plan - Version 6.2 - Confirmation of Changes  
Gahcho Kué Project – Kennady Lake, NT**

The Mackenzie Valley Land and Water Board (MVLWB or the Board) met on January 28, 2021 to review your Operational Water Management Plan (Plan), Version V.6, which was submitted under Part G, conditions 4 and 18 of Water Licence MV2005L2-0015. The Board's letter dated March 10, 2021 approved your Plan, conditional upon receipt of additional information and written conformity of confirmation from Board staff.

Version 6.1 of the Plan was received by the Board on May 18, 2021, after which Board staff reviewed for conformity. On June 2, 2021, Board staff sent De Beers further questions of clarity. Version 6.2 of the Plan was received on June 8, 2021, after which Board staff confirmed concordance. This letter hereby confirms that the changes requested in the March 10, 2021 letter, and the additional questions asked by Board staff on June 2, 2021 have been addressed, and the Plan, Version 6.2, is therefore considered approved. Board staff would also like to note that this conformity confirmation is limited to the updates as requested, and as outlined in the Revision History table as provided by De Beers in the Plan.
