Hi Shannon,

Thanks for emailing, and sorry for the lack of response (blame the recent chaos). I'll have our response to you very soon.

We will be responding to some items in GMRP's submission, but we are satisfied with GMRP's efforts (per our letter) and will not be pursuing our claim any further.

Cheers,
Ben

Hi Ben,

Can you clarify the status of the GSSC Claim for Water Compensation? The letter attached to your email is helpful but it doesn't go so far as to let the Board know if the Sailing Club would like to further pursue its original compensation claims through the Board's process.

Thanks,

Shannon

Hello Natalie,

Please see attached a long-overdue letter regarding our current understanding of Giant Mine's remediation as it applies to the Sailing Club and other stakeholders. This is further to your letter to the City on October 10 and the stakeholder meeting at City Hall on December 12.

We look forward to working with all parties, and greatly appreciate the concern of all parties for keeping our Club - and access to Back Bay - intact throughout and beyond remediation.

Thank you,

Ben Russo
