Hi Rob,

The attachment provided was in reference to a quarry operation by Rowe's Construction. This LUP was issued on March 31, 2011, but I can forward your letter to Rowe's if this was the correct attachment. If you intended to attach a letter in reference to the renewal application from Peregrine Diamonds for mineral exploration in the Lac de Gras area, please forward the correct attachment. Please note that the comment period for Peregrine's application closed on April 13, 2011.
