Dave-

I took a peek at your extension request and read your note that engagement is forthcoming. When that information is available then please submit it to Julian and myself and we can send your request for a short review.

Julian will be processing the request (he is cc'ed).

Please let either of us know if you have questions –

Thanks

Jen

Dear Ms. Potten:

Re: MV2011C0005 – 2 year Extension Request

Peregrine Exploration Ltd. ("Peregrine") holds Mackenzie Valley Land and Water Board ("MVLWB") land use permit MV2011C0005 which expires on April 27, 2016. This letter is for:

- 1) A two year extension to this permit that would advance the expiry date to April 27, 2018.

Two Year Extension

Field activities have been reduced since 2012 when the last drill program occurred. Much of the exploration work undertaken since this time has been desktop. Peregrine anticipates returning to the field within the next couple of years. Exploration activities authorized under the permit will remain the same. A schedule listing the active mineral leases is attached as Schedule "A".

Reduction of Exploration Area

When the initial permit was issued Peregrine held 138 mineral claims with an aggregate area of 317,622.31 acres. Peregrine now holds only 12 contiguous mineral leases with an aggregate area of 20,990.50 acres. This represents a reduction of approximately 93%.

Engagement Plan

Peregrine will advise applicable agencies of its application for extension by electronic mail. A table summarizing this communication will be provided at a future date.

If you have any questions on these items or require additional information please do not hesitate to contact me at (604) 608-4524.

Yours truly,

PEREGRINE DIAMONDS LTD.

David Willis – Land Administrator
