Dear Graeme Reid,

**Re: Northwest Territories Power Corporation – Extension Request for Traditional Knowledge Study – Taltson, NT**

The Mackenzie Valley Land and Water Board (Board) considered the Northwest Territories Power Corporation's (NTPC) request to extend the submission deadline for the Traditional Knowledge Study to February 14, 2025,<sup>1</sup> as required by the Board's decision on version 2.1 of the Aquatic Effects Monitoring Program.<sup>2</sup>

The Board approves the request to extend the deadline and determined the revised submission date is February 14, 2025. The Board directs NTPC to submit an updated AEMP Study Design within three months of the Traditional Knowledge Study if modifications to the AEMP Study Design arise as a result of the Traditional Knowledge Study.

Please contact Andrew Wheeler via [email](#) or at (867) 766-7467 with any questions or concerns regarding this letter.

Yours sincerely,
