Good Morning Angela,

I have reviewed the final plans, and I have no comments or concerns. Everything is now covered under the new Permit.

On another note, please add Christopher to all future correspondence regarding any files in the Sahtu Region. Chris is the New RMO II.

Thanks,

JG

Afternoon,

I've received the final plans for Enbridge's [MV2013P0011](#) Permit (was initially submitted back in October, but following initial review and questions asked, an updated version was requested). Board staff are seeking any comments/concerns with this request. If no concerns, Board staff would then be seeking a recommendation from the Inspectors for file closure. These activities are now covered under Permit [MV2020P0006](#).

Please let me know if you have any questions.

Cheers,
Angela
