**Subject:** MV2013Q0017 - Procore Drilling Ltd. - Land Use Permit - Expiry

Good morning Mr. Dean,

As you are aware your Land Use Permit is set to expire May 21, 2021.

No further extensions to the term of this Permit can be considered under subsection 26(6) of the Mackenzie Valley Land Use Regulations (MVLUR).

A final plan shall be submitted to the Board within sixty (60) days of the expiry of a Permit, as per section 29 of the MVLUR. A final plan should include:

1. A map, normally at a scale of 1:50,000, showing your location, area, and distances of all land-use operations. Sketches are acceptable, but all maps must have the north indicator, scale, and coordinates clearly marked;
2. A summary of the hectares utilized in each aspect of the land-use operation; and
3. A calculation of land use fees.

Upon receipt of your final plan, an inspector will conduct a final inspection and the MVLWB will review your file prior to initiate closure of this Permit.

If you wish to continue with the operation, you will be required to submit a new Land Use Permit application.

If you need assistance with the final plan or with the new application I am happy to assist.

Regards,

Tyree
