Dear Trudie Walsh:

Land Use Permit – In Preparation for Expiry
Quarry Operation – Highway #5, Km 44.5

According to the records in the Mackenzie Valley Land and Water Board (MVLWB or the Board) office, Land Use Permit MV2014Q0025 will expire on January 7, 2022. As per subsection 26(6) of the Mackenzie Valley Land Use Regulations (MVLUR) no further extensions to the term of this Permit can be considered. Restoration, clean up, and removal of equipment, materials, buildings, etc. must be completed before your Permit expires January 7, 2022.

A final plan shall be submitted to the Board within sixty (60) days of the expiry of a Permit, as per section 29 of the MVLUR. A final plan should include:

1. A map, normally at a scale of 1:50,000, showing your location, area, and distances of all land-use operations. Sketches are acceptable, but all maps must have the north indicator, scale, and coordinates clearly marked;
2. A summary of the hectares utilized in each aspect of the land-use operation; and
3. A calculation of land use fees.

Upon receipt of your final plan, an inspector will conduct a final inspection and the MVLWB will review your file prior to initiate closure of this Permit.

If you have any questions or concerns regarding this letter, please contact me at (867) 766-7469 or by email.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Emma Junker".
