Dear Mr. Rowe:

Quarry Permit No.: 2014QP0027
LUP No.: MV2008Q0035
Location: Km 191, Hwy #1

Further to your application dated March 3, 2014, enclosed is a copy of Receipt No. OA-5938 and Quarry Permit No. 2014QP0027. This permit grants authorization to remove 1000 cubic metres of gravel from the location indicated above.

Condition #1 of your permit, states: "this permit shall expire when the quantity of material or substance mentioned in the permit has been quarried or removed; or on the expiry date of the permit, whichever is the earlier". Please note that this permit has been issued for three (3) years as requested, pursuant to new legislation. Should you remove the authorized amount of material prior to the expiry date of your permit, you must cease your quarrying operation.

Please ensure that you comply with all conditions annexed to this quarry permit and Land Use Permit MV2008Q0035.

Is hereby authorized to take: **1000 cubic metres of gravel**
From the lands described as follows: **Km 191, Highway No. 1**

SUBJECT TO THE FOLLOWING CONDITIONS:

1. This permit shall expire when the quantity of material or substance mentioned in the permit has been quarried or removed, or on the expiry date of the permit, whichever is the earlier.
2. This permit does not grant to the Permittee an exclusive right or leasehold interest in the land described herein.
3. This permit shall not be assigned.
4. All quarrying under this permit shall be carried out in accordance with the approved Quarry Operations Plan, if applicable.
5. The Permittee will identify the work area to the satisfaction of the Land Use Inspector prior to the removal of any material and any change in location will require prior approval of the Land Use Inspector.
6. Pre and post surveys, if required, must be conducted by a certified Canada Land Surveyor or certified engineering technician or as approved by the land use inspector.
7. Pre-surveys, if required, must be submitted to the land use inspector, 10 days prior to the commencement of operations, for approval.
8. Post-surveys, if required, must be submitted to the land use inspector within 60 days of completion of the operation.
9. Quarry operations in all pits, including multi user pits, must be coordinated by the Land Use Inspector and be conducted as per the quarry permit application and/or Quarry Operations Plan.
10. The Permittee will not work any area worked by any other Permittee except as co-ordinated by the Land Use Inspector.
11. Prior to the tenth day of each month, the Permittee shall submit a report to the South Slave Region - Hay River Land Use Inspector at **fax number (867) 874-2460**, indicating the quantity of material quarried and the quantity of material removed from the site. Failure to submit the monthly report within indicated time frames may result in cancellation of this permit as per Section 9 (6) of the regulations.
12. Upon expiry of the permit, the Permittee must submit a Final Plan to the Land Use Inspector for reconciliation and approval. Failure to submit a Final Plan within 60 days of project completion may result in rejection of future Quarry Permit Applications until rectified.
13. A permittee who over-quarries may be ineligible for future quarry permits for a twelve month period and additional legal action may be taken by the Land Use Inspector under the Quarrying Regulations.
14. This permit is subject to the provisions of the Quarrying Regulations and the conditions set out herein. Failure to comply with the provisions of the Regulations and the conditions prescribed in this permit may result in cancellation of the permit in accordance with Section 9 (6) of the Quarrying Regulations without prior notice to the Permittee.
15. Upon expiration of this Permit, as prescribed in Condition One, the Permittee shall carry out the reclamation activities within timelines as approved by the Inspector in the Quarry Operations Plan.
16. The permittee is required to have a pre and post extraction legal survey which shall be submitted to the Inspector. The pre-extraction legal survey must be completed 10 days prior to the commencement of operations and the post-extraction legal survey must be completed within 60 days of the completion of the operation.
