December 17, 2015

Dear Chief Joachim Bonnetrouge:

Re: Land Use Permit MV2008QU0035 Hwy 1 Km 191.1 Renewal

Regarding your December 17th letter to Willard Hagen with MVLWB and the conditions requested to be attached to the permit, we would like to advise that our intended use of the material at this quarry site is mainly for use for work near Fort Providence and would be selling granular material only to Digaa Enterprises Ltd. so that Digaa Enterprises, a local company, would be able to provide economic benefits and price considerations

Please contact us at twalsh@rowes.ca or 867-874-3243ph, 867-874-6558 fax, if you have any further questions or require more information or to confirm that this satisfies your request.

Sincerely,

Trudie Walsh
