Dear Susan Christie:

**Spill Contingency Plan Version 3 – Interim Approval  
Hamlet of Fort Providence – Fort Providence, NT**

The Mackenzie Valley Land and Water Board (MVLWB or the Board) met on January 13, 2022 and reviewed the Hamlet of Fort Providence's (Hamlet) Spill Contingency Plan Version 3, submitted to fulfill Part H, condition 3 of municipal Water Licence (Licence) MV2016L3-0001.

The Board hereby approves the Spill Contingency Plan Version 3, as submitted, on an interim basis.

The Board requires the following revisions to be included in the next version of the Spill Contingency Plan (Version 4):

1. The locations of approved disposal facilities planned and/or used to receive off-site shipment of contaminated wastes collected during the occurrences of spills; and
2. A revised map showing all fuel storage and other hazardous material storage sites at each of the municipal facilities.

The Spill Contingency Plan Version 4 shall be submitted along with the 2021-22 Annual Water Licence Report, by June 30, 2022, for staff confirmation of conformity of changes.

The Board notes and appreciates the Hamlet's recent work to address outstanding Licence requirements.

If you have any questions or concerns, please contact Erica Janes at (867) 766-7467 or email [ejanes@mvlwb.com](mailto:ejanes@mvlwb.com).

Yours sincerely,

Mavis Cli-Michaud

Chair, Mackenzie Valley Land and Water Board
