under section 58 of the *National Energy Board Act* (NEB Act) and under section 45
of the *National Energy Board Onshore Pipeline Regulations* (OPR)
Procedural Matters**

On 17 August 2017, the Board issued its Procedural Update No. 3, continuing the oral portion of MH-001-2017 for the week of 23 October 2017 in an effort to coordinate timing with the Mackenzie Valley Land and Water Board public hearing. Once the oral portion concluded, Intervenor filed written argument on 9 November 2017 and Enbridge filed its final reply argument on 16 November 2017.

As of 16 November 2017, the record for MH-001-2017 is closed. The Board's standard practice is to release a document containing our Decision within 12 weeks of the close of record (in this case, by 22 February 2018). Further details regarding the Board's service standards can be found on our website¹.
