Subject: Enbridge Pipelines Inc. - New Land Use Permit and Water Licence Applications - Additional Information to Project Description
Date: September 22, 2017 8:19:43 PM

Good Evening,

Please note that there has been an update to the [ORS item](#) regarding additional information submitted by Enbridge Pipelines Inc. to their applications (MV2017P0013 and MV2017L1-0002). This NEW information is attached to the ORS as 'Supplemental Information - Revised Appendix II'. Updates include:

- Relocating an existing gate valve approximately 90 metres downstream on the pipeline (as opposed to 60 metres as previously described) and the associated land use areas, and
- An option to conduct activities in Winter 2018 in advance of the Horizontal Directional Drill under the Mackenzie River, pending regulatory approval, in response to a request received from Liidlii Kue First Nation.

Please ensure this information is taken into consideration when putting together your Interventions and when reviewing the draft conditions.

Please also note that the Pre-Hearing Conference Meeting Notes have been uploaded to the public registry and can be found [here](#).

If you have any questions or concerns, please let me know.

Regards,
Angela
