Dear Natalie Plato

Re: Giant Mine Remediation Project– Discontinuance and Final Clearance – UBC Bridge Repair – Yellowknife, NT

The Mackenzie Valley Land and Water Board (the Board) met on October 7, 2021 and reviewed the file for Land Use Permit (Permit) MV2017X0030.

The Board received a Final Plan for the land operations on July 16, 2021.¹ Subsequently, an Inspector indicated satisfaction with all aspects of the operation and recommended closure of the file.²

Final Plan - Approved

The Board has approved the Final Plans because it fulfills the requirements set out in subsections 29(1) and 29(2) and section 30 of the Mackenzie Valley Land Use Regulations (MVLUR).

Discontinuance and Final Clearance Granted

The Board has granted discontinuance and Final Clearance of Permit MV2017X0030 because the requirements of the MVLUR and the conditions of the Permit have been met, and the Inspector has recommended final clearance. By issuing this Letter of Discontinuance and Final Clearance for Permit MV20170030, the Board considers the Permit closed under section 33 of the MVLUR.
