Dear Mr. Willis:

**Waste Management Plan – Version 1 – Confirmation of Changes
Peregrine Diamonds Ltd. – Mineral Exploration, Lac de Gras area**

The Mackenzie Valley Land and Water Board (MVLWB or the Board) met on September 20, 2018 to review your Waste Management Plan, Version 1, which is required by Condition 26 of Permit MV2018C0010. At that time the Board approved your Waste Management Plan, conditional upon receipt of additional information and written conformity from Board staff.

This revised Waste Management Plan was received by the Board on November 5, 2018, after which Board staff confirmed concordance. This letter hereby confirms that the changes requested in the September 20, 2018 letter have all been addressed, and the Waste Management Plan is therefore considered approved.

If you have any questions or concerns, please contact me at (867) 766-7470 or email kleach@mvlwb.com.

Yours sincerely,

A handwritten signature in blue ink that reads "Kierney Leach".

Hi Dave,

Please see the attached letter regarding your Waste Management Plan. I have also looked through the Spill Contingency Plan, and the updates requested by the Inspector, and requested in the Board's Issuance letter, were not addressed. These requests were to update Clint Ambrose's contact location to say "Yellowknife" and not "Inuvik", and to remove all references to Trenching activities, as it is not part of the scope of the Permit.

Please further revise the Spill Contingency Plan and resubmit.

Also, please note that we have kept "Peregrine Diamonds Ltd." as the company name for the purpose of these letters, as the Board has not completed the process of formally transferring you under De Beers Canada Inc.

Regards,

Kierney Leach M.Eng
