Hi Clint and Karine,

I am emailing to notify you that Gold Terra and Foraco will be looking to commence drilling activities on the Newmont Con Mine surface lease on April 13th, 2023. There will be a substantial amount of set-up required, but ideally we anticipate to have the drill spinning by the weekend.

I will ensure to send a follow-up notification email with the hole ID and all pertinent information once the drill is on site and the crew prepares to set the casing.

If you have any questions or concerns, please do not hesitate to email me back or reach me by phone at (778)-269-0704.

Thanks in advance,

Aaron Doan
