**Re: Request for Extension of Type A Land Use Permit MV2018C0023**

On behalf of Gold Terra Resources Corp ("Gold Terra"), I am writing to notify of Gold Terra's request a two-year extension for Land Use Permit MV2018C0023. This extension aims to extend the permit's active period to January 17, 2026, while maintaining the current permit conditions, scope of work, and geographical boundaries.

For your reference, an attached property scale map outlines the permit's location and associated mineral tenure. Also attached is a copy of a notification letter sent to the Updated List and Contact Information for Gold Terra Corp's Yellowknife City Gold Projects' Potentially Affected by Southbelt Amendment as of December 10, 2021 Version 7.1b (amended Jan. 26, 2022).

We kindly request your prompt consideration of this extension request and are available for any questions or additional information you may require.

Thank you very much,

A handwritten signature in black ink, appearing to be "RB", positioned above a horizontal line.
