---

Good Afternoon,

Attached are the January 2022 water usage spreadsheet as well as the pump and sump locations for drilling done in the month of January. Water was drawn from both Walsh Lake and Great Slave Lake. Total cubes withdrawn are calculated daily for each lake as well as a total for both water sources combined. If you have any questions feel free to reach me by email or phone at 306-580-1655

Thanks,

Hayden
