Good evening,

Please find attached Gold Terra's August 2021 water usage spreadsheet as well as the pump and sump locations for all drilling conducted during the month of August. All water was withdrawn from Great Slave Lake from a single pump location.

Please note that August 25th through August 31st there was no water usage recorded as there was no water being withdrawn from the lake. Due to a staffing shortage, we have taken a brief hiatus from drilling and drilling activities are anticipated to begin again at 7:00 am on September 9th (notice will be provided upon start-up).

If you have any questions or concerns, please do not hesitate to email me back or reach me by phone at (778)-269-0704.

Thanks in advance,

Aaron Doan
