Subject: MVLWB - Permit #MV2018X0017

Hi Kim,

I'm hoping you can assist me. I'm writing with regard to permit #MV2018X0017, issued to Amanda Pierce (on CC of this email) at G360 Institute. I'm the COO of said Institute, which is a part of the University of Guelph in Guelph, Ontario. As we begin field work under this permit, the University's legal team has requested MVLWB to confirm in writing the following two points for our files:

1. The approved permit applies to/covers the University of Guelph as G360 is named as the applicant on the permit (e.g. G360 is not a separate legal entity); and
2. The University is allowed to subcontract the drilling under the permit out to a third party (e.g. Paycore) as it is not explicitly stated in the permit.

Feel free to give me a call (contact information below) as I'm happy to discuss this further with you if needed.

Thanks and regards,

jen

Jennifer C. Hurley, M.Sc., P.Geo.
