Subject: MV2017D0032 and MV2019L2-0004 - De Beers Snap Lake - Licence Renewal and Permit Amendment Applications - Supplemental Information
Date: July 11, 2019 2:05:44 PM

Good Afternoon,

During the initial review of the applications, De Beers' responses indicated that they were updating the modelling scenario and would issue a technical memorandum. Two supplemental submissions were received from De Beers; 1) providing results of a mixing model, and 2) providing updates to the closure criteria (originally provided as Table 5.2 in the FCRP). This document has been uploaded to the public registry and can be found at:
