Hi Erica,

Given the number of comments that have been submitted on these two items, the fact that the Town is working to submit the 2019 Annual Report by March 31st, and other issues that are currently ongoing as a result of the COVID-19 pandemic; the Town of Hay River would like to request an extension to April 15th to reply to the reviewer comments.

Additionally, as per our conversation today, I would like to confirm that the Town is not required within the 2019 Annual Report to address the Landfill Fire sampling items that are contained in the below mentioned report? As we discussed, the Annual Report will refer to the Final Landfill Fire Sampling Report and the review of any associated issues will occur under that report and not the Annual Report.

If you have any questions or would like to discuss further, I can be reached on my cell phone.

Thanks,

Mike Auge, P. Eng

Hi Mike and Renee,

Hope you're keeping well.

This is a reminder that the review period for the Town's [Groundwater Monitoring Program Proposal](#)

and [Final Landfill Fire Sampling Report](#) is now over. The Town has the opportunity to respond to reviewer comments; the response deadline is currently set at March 31, 2020.

Please let me know as soon as possible if you think you'll need more time to respond.

Thanks,
Erica
