I spoke to Heather Beck and David Scott-McQuinn about this, and they said that provided we do not use more than 99 m3 of water, we will not trigger the Water License and are okay to construct the winter road. This was also confirmed with Lands

Hi Dave, Clint –

Can I have someone confirm that the winter road construction being completed by CJ Contracting Ltd. is associated with the Bluefish Project only at this point, and not New Discovery? I know the notification has been provided as required for New Discovery, but no management plans associated with the new authorizations have yet been approved.

Thanks,
Shannon
