Horoscopes

December 13 - 19, 2020

ARIES - Mar 21/Apr 20

It is time to make some new connections, Aries. Invite someone you trust to take the lead for a change instead of you running the show. You may enjoy the break.

TAURUS - Apr 21/May 21

Taurus, you may find yourself taking more risks and acting more boldly. Don't be afraid to give other things a try. Try public speaking or ask to help a new project.

GEMINI - May 22/Jun 21

Reality will not be nearly as exciting as you hope it to be this week, Gemini. You may have to offset things a bit by watching movies or reading books for a great escape.

CANCER - Jun 22/Jul 22

Cancer, messages from friends or family members could reach you this week. Expect some exciting news about a reunion of sorts. It's a good time for communication.

LEO - Jul 23/Aug 23

You might be tempted to break up with someone or put a friendship on ice, Leo. Maybe your feelings were hurt or there was a misunderstanding. Think before acting.

VIRGO - Aug 24/Sept 22

Virgo, when one door closes another opens, and you will find this to be true this week. A cycle comes to a close and something entirely new will come your way.

LIBRA - Sept 23/Oct 23

Libra, your empathy for others is ramped up this week as you make a concerted effort to help the less fortunate. Consider all ways you can provide assistance.

SCORPIO - Oct 24/Nov 22

Remember the people who have helped you along the way, Scorpio. Give thanks to everyone who has supported you in any and all endeavors.

SAGITTARIUS - Nov 23/Dec 21

It can be challenging for you to be as productive as you want to be, Sagittarius. For some reason your focus keeps being drawn elsewhere. Hunker down and concentrate.

CAPRICORN - Dec 22/Jan 20

Capricorn, a reason to throw an intimate party will present itself in the days ahead. Keep it small and write up a guest list of those closest to you.

AQUARIUS - Jan 21/Feb 18

This week you learn a new skill or something relating to electronics commands your attention, Aquarius. This can put you in good spirits as you figure out ways to apply what you learn.

PISCES - Feb 19/Mar 20

Pisces, you may find that you are mixing business with pleasure. Just be careful to follow the rules if you're thinking of a workplace romance.
