Dear David Harpley,

**Information Request Re Security Estimate
Mining and Milling, Prairie Creek Mine – Renewal Applications**

On May 13, 2020, Canadian Zinc Corporation (CZN) submitted Renewal Applications for Land Use Permit (MV2020D0007) and Water Licence (MV2020L2-0003) for mining and milling activities at Prairie Creek Mine. CZN included [updated security estimates](#) with the Renewal Applications.

During the review of the Applications, the Government of Northwest Territories (GNWT) provided comments on the security estimate and noted that “The GNWT will provide final recommendations regarding liability estimates later in the process” (GNWT-6-[Application Review Comment Table](#)). On August 20, 2020, GNWT provided a [written submission](#), which includes an updated security estimate developed by Brodie Consulting Ltd.

In order to meet the requirements of procedural fairness and collect evidence on security estimate for the Board’s consideration, Board staff hereby request CZN to submit a response to the updated security estimate provided in GNWT’s written submission dated August 20, 2020. Please submit a response to this Information Request by **September 16, 2020 (Wednesday)**. Board staff will distribute CZN’s response to Information Request for public review once received.

If you have any questions or concerns regarding this Information Request, feel free to contact me at (867) 766-7455 or via email at jho@mvlwb.com or contact Kimberly Murray at (867) 766-7458 or email at kmurray@mvlwb.com.

Sincerely,

A handwritten signature in black ink, appearing to read "J Ho".
