	2020-11-05	Discussed progress on equipment and personnel list. Tom asked for specs for Ice bridge across Liard River, discussed current weather and ice conditions. Most 3rd party equipment was sourced in NWT and waiting for rates. Talked with Tom regarding Horizon North having a camp arrangement and possibility of putting camp in Beaver Ent yard so that FL Hamlet could service the water and sewer requirements of the camp as FL Hamlet would not supply potable water to remote campsite or allow sewer to be hauled into their system for disposal.	Phone call	Mention of water permits being hard to maintain and Paramount had to haul 80 km one direction for last year's program. Discussion on housing options available in FL and specifically the Beaver Duplex and also the Hotel with a local cook hired for meals. Tom noted that there was a health authority rep stationed in FL.					
	2020-11-11	Tom confirmed that all services on the requirement list was sourced and available from NWT and majority of workers would be from FL. The Medics / Snowcats / mulchers were the items that were to be outsourced but still within NWT so should be fine with any COVID concerns. General discussion regarding safety requirements and orientation required pre-project. Also discussed that some equipment had been hauled from Alberta to FL for other project and that some "essential workers" had entered into FL with Cooper Barging. Also noted that items / equipment could be delivered to the border on HWY 7 and unloaded there and reloaded by a truck out of FL.	Phone call					Y - 2020-11-11 Follow up email sent regarding safety documents required, orientation link, waiver on some of the safety tickets required for this specific project. Also some links for COVID and info for invoicing procedures. 2020-11-12 - sent Tom an email and form from NWT "social-distancing-protocols-remote-work-camps" as Tom had mentioned he was considering hiring a foreman (Mike Cooper) for Netla project that resides in Fort Nelson.
