Andrew,

As you may be aware, OROGO has allowed Canadian Natural to defer the abandonment program associated with this application for 1yr due to COVID.

James Agate, Jessica Gysler, and I met this week to review your letter and begin the process of providing the supplementary information you requested.

We recognize that we may not have all the requested information to you within 90 days of your letter, but I can assure you Canadian Natural intends to respond in order for the Water Licence to be deemed COMPLETE.

Please confirm this will be acceptable to the Board.

Thank you,
Margot
