Dear Dr. Webb,

RE: Acceptance of residual waste from the Mon Gold Project at the City of Yellowknife Solid Waste Facility.

I am pleased to inform you that the City of Yellowknife has approved your request for the use of the Solid Waste Facility for **the disposal of residual waste generated at the Mon Gold Project by New Discovery Mines Ltd.** It is important to note that any hazardous waste materials generated at the Mon Gold Project will not be accepted at the Solid Waste Facility.

The City of Yellowknife Solid Waste Facility is regulated by the Mackenzie Valley Land and Water Board (MVLWB) water licensee MV2009L3-0007. If waste generated by the project interferes with the regulations set out in this water license, the City reserves the right to abolish the agreement with New Diamond Mines Ltd. at any time.

Please feel free to contact the Solid Waste Facility if you have any further questions or concerns.

Sincerely,

Chris Vaughn

Manager, Sustainability and Solid Waste

City of Yellowknife
