Subject: Pine Point Mining Limited - Confirmation and Exploration Program - Closing Arguments (MV2020L8-0012 MV2020C0017)

Good afternoon,

This email is for the Parties in the proceedings for the Type A Licence and Permit Applications for the Pine Point Mining Limited (PPML) Confirmation and Exploration Program (CEP) ([MV2020L8-0012](#) [MV2020C0017](#)).

On September 15, 2021 Board staff sent PPML an [Information Request \(IR\)](#) about Water Use details associated with ice bridges for the CEP. PPML [responded](#) to the IR on September 20, 2021.

As per [Version 4.0 of the Work Plan](#), Closing Arguments from Parties were due on September 10, 2021. Given the IR was sent to PPML and PPML's response to the IR were received after Closing Arguments were due, Board staff would like to give Parties the opportunity to update their Closing Arguments, if applicable, regarding the information submitted by PPML in their response to the IR.

Please reply to this email with your updated Closing Arguments, if applicable, by the end of the work day **Tuesday September 28, 2021**. PPML will have the opportunity to reply to any updated arguments by **Friday October 1, 2021**.

Thank you for your attention and please let me know if you have any questions.
-Kim
