Re: Extension request for closing argument from intervenors for Pine Point Mining Limited – Confirmation and Exploration Program Applications for Water Licence MV2020L8-0012 and Land Use Permit MV2020C0017

Dear Board Members and staff of the Mackenzie Valley Land and Water Board (MVLWB),

Fort Resolution Metis Government (FRMG) is seeking a 10-day extension for the closing argument from intervenors for Pine Point Mining Limited – Confirmation and Exploration Program Applications for Water Licence MV2020L8-0012 and Land Use Permit MV2020C0017.

FRMG had planned a community meeting with the Proponent for August 26, 2021 that will now have to be rescheduled due to recent COVID-19 outbreaks in FRMG traditional territory. FRMG requires the opportunity to work with PPML to resolve outstanding concerns from the technical sessions and public hearing before submitting our closing argument, the planned community session was an important component of that process.

FRMG is confident that an additional 10-day extension will enable us the time to find other ways to meet with Pine Point Mining limited and to engage our membership while keeping our community and FRMG members safe. FRMG has reached out to the

proponent regarding the extension request. Pine Point Mining Ltd. supports a 10-day time extension at this time.

Thank you for considering our extension request. Please contact the FRMG if you have any questions or wish to discuss this request further.

Respectfully,

A handwritten signature in black ink, appearing to read 'Frank Fabien', with a long horizontal flourish extending to the right.

Frank Fabien,
Vice President, Fort Resolution Métis Government
