Hi Jonathan,

Please accept this Notice to start ROW work for 2021.

Let me know if you have any questions.

AMMENDMENT: Please be advised that we will be completing brush clearing on the ROW in areas between Norman Wells and Tulita and opening accesses as required to facilitate this work.

-
Jonathan, Trevor, I have attempted to call as per our requirement but just get some strange noise, other Norman Wells Numbers seem to work fine.

I can currently be reached at 867 587 6558.

I will continue to attempt to call you throughout the day

-
Jim
