Dear Jonathan,

Land Use Permit MV2020P0006

Please be advised that pursuant to Condition 6 of Land Use Permit MV2020P0006, Enbridge Norman Wells Operations intends to commence winter work activities the third week of January 2021. Our planned winter work program in the Sahtu area will include: Propane refills at sites KP 76, 80, 123, 157 and 179. Enbridge also plans to install instrumentation on the following slopes, Slope KP 19, Canyon Creek, Slope KP 25.6, 25.7 Helava creek.

This work will entail small dozer or snow cats, Grader, water truck, pickup truck support vehicles, Small sized drill unit and accompanying support vehicles 1 cube van and 1 drop deck transport truck.

Should we require any additional contract equipment we will update you.

Please contact me at 587-7007w, 8675876558c if you require additional information.

Sincerely,

Jim Boyle
Pipeline Maintenance,
Norman Wells NT
