Dear Mr. Bartlett:

**Land Use Permit Application – Incomplete**  
**Jean Marie River First Nation – Timber Harvesting Operation, Jean Marie River Area, NT**

The Mackenzie Valley Land and Water Board (MVLWB or the Board) received your Application dated February 20, 2020 for a Land Use Permit on February 21, 2020. Your Application has been reviewed and found to be lacking sufficient information to conduct a preliminary screening as per paragraph 22(1)(a) of the Mackenzie Valley Land Use Regulations (MVLUR). In order for this Application to be considered complete and forwarded for review, the following information must be submitted to our office:

1. A completed copy of *Appendix B: MVLWB Environmental & Resource Impacts and Mitigation* form. The version provided in your submission is in draft form, please provide the final version.
2. The relevant application processing fee, \$150.00 made out to the Receiver General for Canada. While information provided through email suggests that the fee is sent by way of mail, the MVLWB has not received it to date.

3. Letters from all relevant waste management facilities, other than the Hamlet of Jean Marie River, confirming they will accept appropriate wastes generated from your activities for off-site disposal as described in your Waste Management Plan. If the letters are not forthcoming, please provide evidence that attempts were made to obtain the letter(s).

If you have any questions or concerns, please contact me at (867) 766-7469 or email [sjoseph@mvlwb.com](mailto:sjoseph@mvlwb.com).

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Sean Joseph', written in a cursive style.

Sean Joseph  
Regulatory Specialist, MVLWB
