Subject: LKFN Comments on Board's Draft Work Plan for NZC Expanded Application

Hello,

LKFN staff have reviewed the work plan MVLWB circulated for comment, and NorZinc's proposed revisions which aim for a Water Board decision to be sent to the Minister in late March 2022. LKFN staff will work within the timelines proposed in NorZinc's revised schedule. If LKFN deems that extensions to the work plan are required due to emergent issues, LKFN will advise the MVLWB.

Thanks,
Trieneke
