

EMPLOYMENT, LEGAL NOTICES & TENDERS

Town of Hay River
is accepting applications
for the position of

DIRECTOR OF PUBLIC WORKS & ENGINEERING

The Director of Public Works & Engineering reports to the Senior Administrative Officer and is a member of the Town's senior management team. The Director is responsible for the management of engineering services and maintenance of municipal roads, bridges, culverts, drainage and water/wastewater operations. The Director also provides support to other Departments for troubleshooting and design of infrastructure and facilities.

The Director develops long-term capital plans and ensures appropriate preventative maintenance plans are in place to support public works assets. The Director is accountable for the preparation and monitoring of the Public Works & Engineering Department's annual operations and capital budgets.

The Director prepares and delivers reports to Council on public works matters.

Qualifications

The Director of Public Works & Engineering would normally attain the required knowledge, skills and attitudes through completion of post-secondary education in a related engineering discipline and five years' experience as a Professional Engineer, preferably in a civil/municipal context. Equivalencies will be considered.

This senior management position offers a comprehensive benefits package, pension plan, and continued professional development.

Closing Date: October 15, 2021

If you are interested in applying on this position, please submit a detailed resume and cover letter to the Town of Hay River in person or via email.
