Dear Madison Warren,

**Re: 2022 and 2023 Annual Reports – Acknowledgment – City of Yellowknife
Municipal Water Licence – Yellowknife, NT**

The Mackenzie Valley Land and Water Board (Board) met on June 20, 2024 and considered the 2022 and 2023 Annual Reports (Reports)¹ submitted by the City of Yellowknife (City) on March 27, 2024 and April 2, 2024 as required by Water Licence (Licence) MV2021L3-0003.

The Board acknowledges the 2022 and 2023 Annual Reports as submitted.

For future annual reporting, the Board reminds the City of the following commitments the City made during the public review:

- ensure that all applicable guidelines are represented in stormwater quality figures;
- revise the temporal plots for SNP stations 0032-F3, 0032-F1 and 0032-F11 so that (a) the lower end of the Y-axis scale is broadened to show F11 concentrations more clearly, and (b) the coloured bars for SNP stations are shown in the flow path order (i.e. F3, F1, then F11);
- include locations of each SNP station on maps;
- ensure that concentration units are included and reported on accurately; and
- present temporal plots of measured concentrations over time, ideally showing more than one year of data if available.

¹ See MVLWB Online Registry www.mvlwb.com for [City of Yellowknife](#) – 5 Reports and Studies / Annual Reports.

In addition, the Board requests that the City provide information on the feasibility of flow meter installation at SNP stations 0032-10 and 0032-F3 as soon as they are able to do so.

Please direct questions or concerns regarding this letter to Kathy Racher via [email](#).

Yours sincerely,

A handwritten signature in blue ink that reads "Tanya MacIntosh". The signature is written in a cursive style with a long horizontal stroke at the beginning.

Tanya MacIntosh
Chair, Mackenzie Valley Land and Water Board
