Dear Madison Warren,

**Re: Solid Waste Disposal Facilities Drainage Study Version 1 – Deferral of Decision  
City of Yellowknife municipal Water Licence – Yellowknife, NT**

The Mackenzie Valley Land and Water Board (Board) met on May 9, 2024 and considered the Solid Waste Disposal Facilities Drainage Study, Version 1,<sup>1</sup> submitted by the City of Yellowknife (City) on February 2, 2024 as required by Water Licence (Licence) MV2021L3-0003.

The Board has deferred a decision on the Drainage Study V1, as the City has committed to completing the additional work required to achieve the requirements of Schedule 3, Condition 9 of the Licence. The Board acknowledges the City's commitments and commends the City on planning for the additional work required.

The City is required to resubmit the requirements of Part F, Condition 36 (DRAINAGE STUDY) and Schedule 3, Condition 9, by **November 1, 2027**. The Drainage Study requirements can either be submitted as:

- a) a Solid Waste Disposal Facilities Drainage Study Version 2, in accordance with Part F, Condition 36 and Schedule 3, Condition 9 of the Licence; **or**
- b) included in a Water Monitoring Plan Version 1, which addresses the requirements of both Part F, Condition 36 and Schedule 3, Condition 9 and Part F, Condition 37 (GROUNDWATER MONITORING PLAN – REVISED) and Schedule 3, Condition 10 of the Licence.
