Subject: Slave Lake Zinc, O'Connor Lake Project – Letter of Waste Acceptance

KBL Environmental Ltd. (KBL) owns and holds a regulatory approval to operate an Industrial Waste Transfer Facility located at #17 Cameron Road in Yellowknife, Northwest Territories. The facility is permitted and regulated through the jurisdiction of the Northwest Territories Department of Environmental and Natural Resources under approval number NT00123. Under this approval KBL is an end receiver of hazardous and non-hazardous wastes.

KBL has been contacted to provide services to manage acceptance of waste generated through exploration activities from Slave Lake Zinc at O'Connor Lake site, in the Northwest Territories. More specifically waste material that we may receive at KBL's Yellowknife Industrial Waste Transfer Facility is as follows but not limited to:

- Incinerator Ashes
- Compressed Gases and Aerosols
- Scrap Metals
- Batteries
- Hazardous and non-hazardous liquid/solid hydrocarbon or chemical waste including waste sludges.
- Oil/Fuel Filters
- Petroleum Greases
- Solvents/Degreasers
- Leachable and non-leachable soils impacted with: hydrocarbons and/or metals
- Non-Hazardous and Non-Regulated Solids including General Debris/Construction Wastes and Tires.

If there are any questions regarding content included herein please contact our office as required.
