

Engagement Plan

HR Racing & Mobile Mechanic LTD
40 Rose Hill, Hay River, NT, X0E 0R4

780.995.7614 587.341.7874

hrracing88@outlook.com

Project and Location: Quarry Operation; NWT HWY 5, KM 44.5, Site HR-34-11B- Permit allocation 650 cubic metres.

Date: September 28, 2021

Submitted by: Tom Hynes

Version: 1

Project details:

Removal of gravel from the above-mentioned site. Material to be removed has been piled on site by previous permitter (HRMGC), risk to site and surrounding environment is extremely low.

The goal of this plan is to inform affected parties of intentions for site, to assist these parties in understanding the project and any issues that may arise. Feedback from affected parties will be considered and all work is to be completed with parties to ensure aspirations are understood.

Affected Parties:

Trevor Beck – Hay River Metis Government Council President – president@hrmcnwt.com

April Martel – Katlodeeche First Nation Chief – kfnchief@katlodeeche.com

Kenneth Cayen – West Point First Nation Chief – chief@wpfn.ca

Triggers for Engagement:

The following will trigger engagement with affected parties. Parties will be contacted via email, registered mail, phone call or in-person meeting.

-Submission of Land Use Permit or Water License Applications.

-Annual Work plan Summarizing the upcoming years planned activities.

- Pre-submission of requested changes to management plans and submission of updated/revised plans (including spill contingency plan, waste management plan, engagement plan, any other plans)
- Prior to commencement of seasonal activities.
- Notification of any spill or unauthorized discharges outlined in Spill Contingency plan.
- Renewal of any authorization or right issued by a government department.

Copies of latest version of plan can be requested by Contacting HR Racing & Mobile Mechanic LTD @ 587-341-7874 or by emailing hrracing88@outlook.com
