Re: LUP MV2021X0019 Annual Review of Plans

Dear Tyree,

Please accept this letter as the confirmation of the annual review of plans to meet Part C: Conditions Applying to All Activities, Conditions 41, 61 and 78 of the issued land use permit.

Due to OROGO's deferral of the Jean Marie B-48 well re-abandonment project from the 2021/2022 winter season to the 2022/2023 winter season, no work has been executed. As such there are no updates to the existing engagement plan, waste management plan and spill contingency plan.

Please reach out to the undersigned if you have any questions.

Regards,

Esther Choi
