Attention: Bob Head, Manager.

**RE: Letter of support – Digaa Enterprises Ltd. Wildlife Management and Monitoring Plan**

Digaa Enterprises Ltd was issued a Forest Management Agreement (2014). It contains a vision statement from the Office of the Premiere;

*'The GNWT wants communities to benefit from the forests, create economic investment opportunities for the forest industry and increase environmental stewardship and sustainability of forests in the NWT.'* ('Digaa FMA, Plain English' version, 2014).

Digaa Enterprises Ltd submitted its "Wildlife Management and Monitoring Plan" for its Forest Management Agreement, to GNWT, Ministry of Environment and Climate Change (June 5, 2023).

We wish to provide this letter as support to the "Wildlife Management and Monitoring Plan", that Digaa Enterprises Ltd. submitted to GNWT, for their Forest Management Agreement.

Sincerely,

Chief Michael Vandell,  
Deh Gah Got'ie First Nation
